6" Eyelet for 1" rope	1
Sand (50lb)	15

Note: you will need a 1" spade or forstner bit. You will also need a 3/8" x 6"(min) bit and a 1/4" x6" (min) bit for the bolt and lag screw holes. If you do not have them, you could borrow or buy them. They are not that expensive to buy, especially spade bits.
