

*Making memories one playset at a time*

Here at Playset Junction, we sell a wide variety of tire swings. We carry 3 and 4-point tire swings, commercial and residential tire swings, and even a tire swing hardware kit for adding your own tire. Below are the tire swings we sell and the pertinent information for each swing. This guide gives you a quick comparison regarding the attributes of each tire.

Any one of these tire swings can be hung from a tree using rope or chain. Feel free to contact us regarding any questions you might have. Unlike wood swing beams, each tree is unique and presents its own set of challenges and techniques.
